I would like to register my objection to the proposed rate rise. As a farmer on a small farm I am paying \$4700 per year. This is my largest cost. I am aware it is a tax deduction however my infra structuresuch a s fences, water, buildings all fall into disrepair.

I realise this rate is imposed according to thue UCV howeer it reflects in no way my ability to pay. It is like valuing rates on my super annuation which this property will be for my wife amd for me.
