

Dear Sir/Madam,

I am totally against any additional rate rises to ratepayers. I have three main reasons.

1. 70% of respondents to the rate rise survey rejected any increases.
2. Council wastes huge amounts of money through inefficiencies and incompetence, I know as I've just retired after 33 years working there.
3. We don't need many of the projects council has planned for the future, we just need the basics.

Yours Sincerely,

Michael Whearty.
