COMMUNITY VISION

IN 2027, WE ARE:

- Deeply connected to the land and proud of our independence;
- Dynamic, resilient, and have a strong sense of community;
- Passionate for innovation and diverse opportunities; and,
- Welcoming, vibrant, inclusive, accessible and value the rights of people equally.

OUR CHALLENGES

The community collectively considered and identified a number of challenges, threats, opportunities and innovations that may affect the long-term ability to achieve the Lockhart Shire Community Vision. These were identified to ensure that the planning process considered and mitigated any potential risk that could affect the achievement of the community strategic objectives across the next ten years.
