

RESOURCING STRATEGY 2015/16

The documents that sit below the CSP is the RESOURCING STRATEGY, which includes

- LONG TERM FINANCIAL PLAN (LTFP) shows how we propose to manage the financial commitments and maintain financial sustainability for the next 10 years.
- WORKFORCE MANAGEMENT PLAN (WMP) how we will manage our workforce ensuring that we have the right number of people with the right skills, in the right job at the right time
- ASSET MANAGEMENT PLAN (AMP) this shows how we are planning for future management of assets and identifies ways to fund the repair & maintenance of current assets

LONG TERM FINANCIAL PLAN (LTFP)

The 2015/16 to 2024/25 LTFP is dependent on constraints imposed by the NSW State Government on rate revenue; costs to Council increasing faster than its ability to increase revenue; a constant population base; and uncertainties in the growth of the local economy.

The LTFP has been calculated utilising the latest estimated figures for 2015/16:

| • | Consumer Price Index (CPI) | 3.00% |
|---|------------------------------|--------|
| • | Salaries & Wages Increases | 4.00% |
| • | Insurance Premiums Increases | 3.00% |
| • | Electricity Supply Charges | 3.00% |
| • | Gas Supply Charges | 20.00% |
| | | |

The Independent Pricing and Regulatory Tribunal (IPART) has approved a Special Rate Variation to the General Rates and this is now reflected in the adopted Delivery Program & Operational Plan.

WORKFORCE MANAGEMENT PLAN (WMP)

In May 2012 an initial Survey was carried out which provided details of our Workforce Profile. A further Survey was done in May 2014 and another survey is planned in early 2016.

In addition we have participated in a HR Metrics Survey coordinated by LG NSW Management Solutions and also an Organisational and Management Effectiveness Insights Survey prepared by PwC and facilitated by LG Professionals NSW.

These Reports are available of our website <u>www.oberon.nsw.gov.au</u>

In most areas of our workforce a need has been highlighted to implement good succession planning with a number of key employees either close to retirement or where there is not a qualified or experienced replacement available. We are addressing this through training our existing employees where possible and dedicating relief positions where considered necessary.

During 2014/15 when an employee resigned we considered the work required and a number of positions were not replaced. Instead workloads have been shifted and minor job redesign done.

ASSET MANAGEMENT PLAN (AMP)

The main change to the AMP is for Roads where Council has now decided to include funds each year for sealing of around 1km to 2km of the Unsealed Rural Road Network.

A change has also been made to reflect the IPART approval for a Special Rate Variation to the General Rates which is to be used mainly for improving the more heavily utilised rural freight transport routes.

OTHER PLANS

There are a number of other Plans which support Council's operational activities.

These Plans form part of Council's overall planning processes and will be "integrated" into the Oberon Community Strategic Plan 2015 through the Delivery Program and Operational Plans.

Some of these plans are:

- STRATEGIC BUSINESS PLAN FOR WATER SUPPLY OPERATIONS
- STRATEGIC BUSINESS PLAN FOR SEWER OPERATIONS
- PLANT REPLACEMENT PROGRAM OR PLAN
- STRATEGIC WASTE PLAN (being developed for implementing during 2015/16)

DRAFT DELIVERY PROGRAM (DP) and OPERATIONAL PLANS (OP)

The Delivery Program (DP) outlines the principal strategies that Council has prioritised over a four year term to achieve the **Strategic Outcomes** in the CSP. The Operational Plan (OP) shows the detailed **Actions** that will be undertaken over the next 12 months **from 1 July 2015**.

The DP and OP set out in practical terms the tasks involved in delivering our community expectations. These are the documents that direct the day to day work of Council and are what we report on to show how we are progressing towards our goals and the 6 Future Directions.

The OP 2015/2016 includes the **Council's Revenue Policy** and details of annual **Income and Expenditure** along with the annual **Fees and Charges**.

Assumptions

Oberon Council Ordinary Rates will **increased** in accordance with the determination set by IPART. Water Rates and Charges will increase by **10%** and Sewer by **15%**.

Salaries and Wages will **increase by 4%** to include a Consumer Price Index (CPI) and skill progression increase. The compulsory superannuation will remain at **9.50%**.

Revenue Policy

Fees and Charges will be increased by the CPI rate of 3% (average CPI over 10 years). Statutory charges are set by the State Government and therefore increases are only made when advised by the Office of Local Government (OLG) or other Government Departments. The Fees and Charges Schedule form part of the Operational Plan.

Ordinary Rates

An Ordinary Rate is raised on every rateable assessment within the Council area. The *Local Government Act, 1993* requires all rateable assessments to be categorised. The categories applicable are Farmland, Business, Residential, and Mining.

Further sub-categories apply to each category and these are Residential, Rural Residential (definition Local Government Act, 1993), Non-Urban Centres of Population (covering the areas known as the Village of Black Springs, Oberon Hills Estate, Stratford Downs Estate and Titania Park Estate).

Town Improvement Rates

A Town Improvement Rate is raised on every rateable assessment within the defined "Oberon Village area". The purpose of this rate is to provide for town improvements. The categories applicable are Residential, Business, and Farmland.

The Town Improvement Rate is to include the Stratford Downs Estate into the area defined as the Oberon "Village". This is due to the premise that residents of this area have a close proximity to the urban area of the town of Oberon and therefore, have easy access to the use of the "town services" which include the parks and playground areas, sporting fields, The Common and other town related facilities.

Special Rates

All rating categories have been reviewed leading up to the 2015/16 rating period to ensure that Council meets the Local Government Act 1993 requirements.

For 2015/16 this will include a new Special Rate for **Wind Farms**.

Sewerage Charges

Sewerage Charges for 2015/16 will incorporate an access and usage component. Access charges have been calculated to cover the capital costs of the sewer scheme while the usage charge covers operational costs.

An increase of 15% is proposed.

Water Charges

Water Charges for 2015/16 will incorporate an access and usage component. The access or base has been calculated to cover the fixed costs of the water reticulation scheme. **An increase of 10% is proposed.**

Waste Charges

Council must make a levy and annual charge for the provision of domestic waste management services for each parcel of rateable land for which that service is available. Currently, the service is available to all parcels of land within the town of Oberon, as well as Stratford Downs. Council is required to levy this charge on all parcels of land, whether the land is occupied or vacant. **A 3% increase is proposed.**

Loan Borrowings

In 2015 Oberon Council received \$1.6 million in NSW Governments Local Infrastructure Renewal Scheme (LIRS) for the Mayfield Road project. This loan is over 10 years.

Transfer to/from Restricted Assets and Reserve Funds

A list of the current Reserve Balances will be included in the Operational Plan 2015/2016.

Financial Assistance Program

Section 356 of the *Local Government Act 1993* details the requirements for providing financial assistance to others (including charities, community & sporting organisations).

SPECIAL RATE VARIATION (SRV)

In March 2015 following community consultations it was decided to submit an application for a Special Rate Variation (SRV) for the Ordinary (General) Rates only for a 5 year period commencing 1 July 2015.

This SRV, which includes the Rate Pegging Limit for each year (assumed to be 2.4% for 2015/16 and then 3% each year from 2016/17 to 2019/20), was approved by IPART as follows:

| 2015/16 | 2016/17 | 2017/18 | 2018/19 | 2019/20 |
|---------|---------|---------|---------|---------|
| 6.50% | 6.90% | 6.95% | 7.00% | 7.00% |

The SRV will be used to enhance financial sustainability and reduce infrastructure backlog.

In 2015/16 we anticipate generating an additional \$136,174 in income which will be used to:

| Provide additional funds to supplement grading on all rural unsealed roads | \$20,426 (15%) |
|--|-----------------|
| Upgrade and improve heavily utilised rural freight transport routes as identified during the Special Rate Variation application. | \$108,939 (80%) |
| Develop asset based data sets | \$1,362 (1%) |
| Repayment of Local Infrastructure Renewal Scheme | \$5,447 (4%) |

The transport routes identified are:

- Dog Rocks Road
- Lowes Mount Road
- Hazelgrove Road
- Beaconsfield Road
- Sewells Creek Road
- Campbells River Road
- Burraga Road
- Abercrombie Road

VISION STATEMENT

A prosperous town, villages and rural communities set amongst the rolling hills, rivers, forests, mountains and caves of the Great Divide. A breath of fresh air in a landscape of light, colour and seasonal beauty. Life as it should be!

The town, villages and rural communities throughout the Shire thrive and prosper. Each area has its own identity and together make up 'Oberon'; a place for all ages and aspirations; the place we call home.

Our physical attributes define us. We are inspired by the natural landscape. Here the big rivers of the area have their beginnings; the rolling hills are rich and productive; the forests add to the wealth of our community both economically and culturally. We are home to the iconic Jenolan Caves and Kanangra Walls. People from all over the world come to visit.

You can come up here to Oberon for a breath of fresh air in a clean and healthy environment. Four distinct seasons provide the backdrop for life and living here. Each offering its own colour range, temperatures, spoils of the land and calendar of events.

Here in Oberon we enjoy. A pace of living that is both relaxed and invigorating; A welcome that is warm and genuine; Community life that is caring, full and active. Rural living in a beautiful landscape.

VALUES STATEMENT

To guide our choice and behavior – As a community, in all we do, we will: We respect the past, the future and position of others. We take pride in community achievement. We work together in an open and co-operative manner

The knowledge and wisdom of the past guides our present and future. We do for today with tomorrow in mind, aiming to leave a better place for those to come. We seek to understand the thoughts, ideas and ways of others so our own lives are enriched.

We are proud of what our community achieves, the skill and creativity of our people. We take the initiative and don't wait for someone else to do what we can do ourselves. Working together is the way we approach our challenges and opportunities. We seek to be open to new ideas and ways and to co-operate with each other.

FUTURE DIRECTIONS, STRATEGIC OUTCOMES AND ACTIONS

There are six Future Directions with 36 Strategic Outcomes and 137 Actions in the Delivery Program to be addressed over the next four years.

| 6 FUTURE DIRECTIONS Some changes made to the placement of Strategic Outcomes and Actions | 36 STRATEGIC OUTCOMES | 137 ACTIONS |
|--|-----------------------------|----------------|
| OUR COMMUNITY | 5 | 30 |
| BASIC SERVICES | 8 | 37 |
| ECONOMIC PROSPERITY | 6 | 16 |
| RESPONSIVE AND CARING | 7 | 22 |
| OPEN COMMUNICATION | 5 | 21 |
| NATURAL ENVIRONMENT | 5 | 11 |

The tables on the following pages show the ACTIONS to help achieve the STRATEGIC OUTCOMES within each FUTURE DIRECTION. The "responsibility" area identifies the responsible staff member, or community group (see KEY/LEGEND below) for implementing these ACTIONS.

The DELIVERY PROGRAM identifies the year in which it is planned to commence ACTIONS. Ongoing PROGRAMS are shown in each year with PROJECTS shown in the years they are scheduled. IF NO ACTION IS PLANNED an X is placed in that year and the area IS NOT colour coded.
