

## Hunter's Hill Council Facebook Post 03/12/2018

The screenshot shows a Facebook post from the Hunter's Hill Council page. The post text reads: "Have your say on the Special Rate Variation options for Hunter's Hill Council. The SRV will have a major impact on the quality and depth of services Council can provide for our area. Read more detail and select your preferred option. [http://www.yourvoicehuntershill.com.au/...](http://www.yourvoicehuntershill.com.au/)". Below the text is a photo of two young boys playing soccer on a grassy field. The post has 1 comment and 1 share. The left sidebar shows the Hunter's Hill Council profile with a logo and navigation links. The right sidebar shows related pages and pages liked by this page.

## Hunter's Hill Council Website screen shot:

The screenshot shows the Hunter's Hill Council website. The main heading is "Improving Hunter's Hill; Proposed Special Rate Variation - Updated". The page is dated "Last Updated Tuesday, 15 January 2019". The text on the page explains that the Council is considering applying to the Independent Pricing and Regulatory Tribunal (IPART) for a proposed Community Facilities Special Variation (SV), also known as a rate increase above the rate peg limit. It states that the SV will allow the Council to maintain, further develop and enhance its community facilities to improve the overall quality of infrastructure and community services for all in Hunters Hill. The page also mentions that the Council has added further information in the form of a [SRV Factsheet](#), the results of the [IRIS telephone survey](#), and the projections for building costs over the next 10 years. These files are linked above and also available at the bottom of the page. The page includes sections for "What is a SV?", "What will Council use the SV funding for?", and "Have we had a Facilities SV before?". The left sidebar contains a "Quick Links" section with links to various council services and information.
