

JERILDERIE SHIRE COUNCIL

Council's Delivery Program (2014-2018) and Operational Plan (2014/2015) propose reduction in costs by disposal of unused buildings and the removal of the rate discount introduced 25 years ago, in a staged way by increasing rates by 10% for the next two years (annual increases are limited by State to approximately 3.00% annually).

This questionnaire will assist Council in determining the feelings of the community in relation to the above proposals:
