MOTION (Nash/Batten)

THAT Council:

1. Note the report on electricity procurement;
2. Note that a reduced tender period has been considered;
3. Resolve that because of the extenuating circumstances set out in the report a satisfactory result would not be achieved by inviting tenders for the aggregated procurement of electricity for large market sites and street lighting which are due to commence on 1 January 2023;
4. Note that the reasons for the decision of the Council in resolution 3 are as follows:
 - a. The services with respect to which the tender relates can only be provided by energy retailers.
 - b. Council has received expert advice that due to the nature of the relevant market, offers from those retailers which will be made in response to the request for tender will only be open for acceptance for a period of 1-2 weeks.
 - c. Even if the tender period was shortened to 7 days as permitted under the Regulations, some if not all of the relevant tenders would expire prior to Council being able to undertake an assessment of tenders, report the matter to Council and resolve to accept or reject any tenders.
 - d. This would result in Council either having no valid tenders which it is able to accept, or it would not be able to consider for acceptance all of the tenders lodged in response to the request for tender.

5. Delegate the authority to execute the contracts for the supply of electricity for large market sites and street lighting to the General Manager; and

 - e. This would not be a satisfactory result for Council.
5. Recommend to CNSWJO that further legal advice be sought on a suitable delegated authority structure, both within individual councils, and the JO, that both satisfies the Local Government Act and allows timely acceptance of offers; and
