

Have your say on early childhood education and care

We want families'
feedback on

Access and
choice of
services

Affordability
of services

Supply of
services

Provider
costs and
revenue

IPART is reviewing the NSW early childhood education and care sector to look at improvements that could be made to affordability and accessibility.

We want to hear from the community, including families and early childhood service providers and workers, about their experiences and concerns. This feedback will help us make recommendations to the NSW state government to help ensure better outcomes for families and children.

We want to hear from you

Your input is critical to our review process.

You can get involved by taking our survey or providing feedback by 22 May 2023 and/or attending an online public hearing on 15 or 16 May 2023.
