IPART

Dear Sir, Madam,

I wish to call upon IPART to firmly reject Warringah Council's attempt at increasing our rates by so large an amount.

Council should be living within IPART recommendations limit. I'm a pensioner and have no income increase per annum. The waste I see around the shire and the actions of council staff reflect the ineptitude of some of these employees.

Our city is the 6th most expensive city in the world yet council seeks to place another financial impost on its citizens.

For my and my families sake I recommend an absolute resounding No to this move.

Yours Faithfully

MR. JEREMY ROBERTS,
