Dear Mr Cox

Notification of Application for Section 508A Special Rate Variation 2014/15

I advise that Council will be applying for Special Rate Variation for a two year percentage increase under section 508A NSW Local Government Act 1993.

The request will be for a special variation of 5.3% in 2014/15 (including the 2.3% rate peg) and 6.0% in 2015/16 (assuming a rate peg of 3.0%) and for the special variation to be permanently incorporated into the general income base.

It is proposed to invest the extra 6.0% into a Roads and Bridge Renewal Levy to improve the condition of Council's local roads and timber bridges infrastructure.
