

New South Wales

Water Industry Competition Act 2006 (NSW)

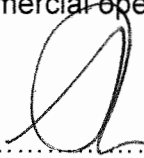

Notice of approval to bring new infrastructure into commercial operation

I, The Hon. Niall Blair, MLC, Minister for Lands and Water, have considered the request by Cooranbong Water Pty Ltd (ACN 169 450 453) (**Cooranbong Water**) for approval to bring new infrastructure into commercial operation under the *Water Industry Competition Act 2006* (NSW). The new infrastructure is infrastructure for non-potable water as specified in Table 1.2(B); drinking water as specified in Table 2.2; and sewerage services as specified in Table 3.2(B), described in Schedule A of Cooranbong Water's network operator's licence (licence no. 15_033) (**Licence**).

I have considered a report prepared by an 'approved auditor' within the meaning of the *Water Industry Competition (General) Regulation 2008* (NSW) (**Regulation**). The report is included as **Attachment A**. I am satisfied that the report indicates that the new infrastructure:

1. complies with the requirements of the Regulation and the conditions of the Licence; and
2. is capable of operating safely and in accordance with Cooranbong Water's infrastructure operating plan, drinking water quality plan, recycled water quality plan and sewage management plan.

I therefore give my approval under Schedule 1, clause 2 of the Regulation for Cooranbong Water to bring the new infrastructure into commercial operation.

The Hon. Niall Blair, MLC
Minister for Lands and Water
