Subject: Randwick Council- Proposed rate rise
Date: Friday, March 09, 2018 3:10:06 PM

Hi,

I am writing to you regarding Randwick council's rate rise proposal. Randwick council have conducted a manipulative campaign to seek feedback for a higher than normal rate rise. Randwick Council is telling rate payers they will not be able to complete projects unless there is a higher than normal rate rise which can not be true.

Please consider Randwick Councils proposal as they are saying that the entire community supports it when the feedback rate was less than 10%. This will be un-affordable for a lot of residents.

thank you in advance,

Alex
