Subject: PORT STEPHENS COUNCIL SPECIAL RATE VARIATION.

To whom it may concern.

As a full rate payer in the PORT STEPHENS COUNCIL area I would like to lodge an objection to the SPECIAL RATE increase of 7.5% to be applied for the next (7) years.

The draft plan by council for expenditure on the basis of gaining this increase has not been thought through for the total council geographical area.

Funding has been allocated for the larger population area's with nothing for any of the outlying suburbs.

I live at [REDACTED] and no projects have been detailed in the plan for this area or the adjacent suburbs of FERN BAY or Williamtown.

Thanking you for your consideration on this matter. Alan Blanch.
