I don't believe that the Ratepayers of the Gosford area should be compelled to pay for the incompetence and unlawful practices that the Council took part in, as the Councils are managed by the State Government and it was they who forced Gosford and Wyong into amalgamation.

I feel the Acting Chief Executive Officer should be approaching Gladys Berejiklian for a substantial bail-out with perhaps a much smaller rate rise for the ratepayers.

I also feel the Green/Labor policies of the Council by declaring our electorate as being in a climate emergency, added to the problems by channeling funds into ridiculous climate change, renewable energy and environmental issues.

In my opinion Councils' should stick with what they were elected for i.e. maintain roads, parks and beaches, rubbish removal and community services, collect rates and forget about ideological political issues!
