Subject: Objection to massive rate rise at Ulladulla Civic Centre

To Whom It May Concern

My husband and I are in receipt of an aged pension. Luckily we own our home, and live modestly.

Neither of us smoke but we drink socially on rare occasions. We are by no means rich.

We do not have any funds in a superannuation scheme, nor do we have any investments.

Your proposed increase of a massive 33% in rates in one year, will severely restrict our living standards.

We would like to make an objection to the Tribunal asking them to reject Shoalhaven Councils application for an increase.

Yours sincerely

Allan and June Harris
