Submission: I think it is disgusting that Lithgow council should even think of another rate rise when we already pay ridiculous rates here in Lithgow for which no one other than the councillors themselves benefit from the roads are horrible main street is a joke and there is barely anything for our children to do and then for the council to post on social media that if we do mow the median strip outside your house they are going to fine you so to cut a long story short Lithgow council your a joke for even thinking of a rate increase you can jam it where the sun dont shine
