Submission: Randwick Council have sort & received special variations in the past with the increases becoming the normal rates plus the CPI increase on top without delivering the all of the upgrades that were promised for that special variation. This is yet another massive grab at Rate Payers (19.85% over 3 years) to fund a Council that cannot budget & fulfill their projects because they are Too focused on sharing the role of the Mayor between parties that cannot Govern alone, due to the fact that they cannot gain the support of the Local Rate Payers base on their own merits. I therefore request that you make this Rogue council serve the Rate paying Residents of this community with due diligence & accountability by rejecting their request for a special variation & forcing them to trim their own internal budgets to Serve the rate payers as faithfully as they spruik to the Locals at Election time.
