Document Reference	
Select Council	Lismore City Council
If you have any general feedback regarding your council's proposed SV, please leave your comments in the comment box below.	The community of Lismore hasn't recovered since the 2017 floods and with the current weather conditions within recent months.. people are struggling and the council just doesn't care about anything but fixing the the enormous debt by rising the rates
Your comments on Criterion 1:	This council needs to tighten its belt and cut to its cloth
Your comments on Criterion 2:	The community as a whole doesn't want or need any rate rise what they need is a council consideration of how there money should be used and not at the expense of rate rising for a community that is already struggling
Your comments on Criterion 3:	The general affect would be lower standard of living .the average income in this area is low already.i don't think we need this rise
Your comments on Criterion 4:	The council have already voted which means they haven't considered the general ratepayer
Your comments on Criterion 5:	This council cost containment needs to be better
