The proposed increases over five years appear to have not considered residents ability to pay nor have they considered value for money.

During this downturn which is far from resolved, many people have lost employment or had hours cut. I'm not alone in saying these increases are almost criminal, I'm sure there's savings to be made at council before ratepayers are again asked to foot the bill again.

We all expect increases inline with inflation, we were told consolidation of local government would lead to savings for ratepayers, was that an untruth or has the council been badly managed.

Either way we have independent arbitration to protect those who don't have a say, please do not allow Canterbury Bankstown council to impose these horrific rate rises, keep them honest and give ratepayers a fair go. Please do not publish my name as I'm a ratepayer in the Canterbury Bankstown area.

Regards
