**For the Canterbury-Bankstown Council to be asking for a 36.34% increase in rates over 5 years at this time should be strongly denied. Instead, if Council requires that much money from rate payers, then a special review should be held to investigate the Council and it's poor management of funds.**

**Telling me it's because more people now live in the area and this is putting pressure on existing resources just does not cut it as far as I am concerned.**

**Canterbury-Bankstown Council has shown nothing but greed by approving numerous residential developments along the Canterbury Road corridor.**

**The suburbs Canterbury-Bankstown Council controls are made up of a lot of elderly and lower income residents. Asking them to pay for Council's poor money management skills is absurd.**

**Instead Council should be ensuring the developers of any future buildings pay special levies to the Council to cover extra sewerage and waste services. After all, it's Council and the developers who are making a lot of money out of all these new developments. It is not the responsibility of existing residents to cough up for the Council's greed and poor management.**

**I strongly object to such an increase in my rates and instead ask that the matter be referred to the relevant authority to investigate why such an increase is being requested.**
