Submission: What do we pay for??? I live on a dirt road, have no garbage collection and pay over \$3000 a year in rates, what do I get for that, a fat nothing, road might get graded every two years if you complain enough..Not paying for Lismore Council to have overseas holidays to China, we now can Skype, email.google.twitter and so on. Get your act together Lismore Council and put our rate money that you extort from us and put it to use on improving roads, lakes and so on for all of residents to use, not [REDACTED] art galleries, public toilets in [REDACTED] places, graffiti on alley walls. If you continue to waste our money you will not be involved in local council after the next election, people have had enough of you.
