Good afternoon. I live in [REDACTED]. subject to development.
Our land value is \$ [REDACTED] we have [REDACTED] acres.
However, we had Independent Property Valuation done 2 months ago and our property was valued less than the Valuer generals \$ [REDACTED] 0. Our land consists of a [REDACTED], [REDACTED] etc. Developers run away because of the high service connection fee.
So much for our self funded retirement.
Our part of the road is still dirt, we have nothing except for garbage . Our property flooded cause of the Breeze estate subdivision. Notified council with photos of the water over the road and our paddock. Waiting for next down pour.
We are not happy.
