Subject: Special Rate Variation Muswellbrook

Dear Sir

I would Like to put a suggestion as to how the grant should be used for Muswellbrook Swimming Pool. There is absolutely Nothing wrong with the now existing pools. The child playground would be a good idea plus a shade over existing pool used by three year olds to ten year olds. Plus more seating with shade around grass area. Plus eridiction of GREEN ANTS NESTS well over due.

, so it would be pleasant to sit on the grass. Other money would be better spent on more activities around the town to occupy children in all age groups . Ages from two to sixteen year olds especially in school holiday times. Theres nothing much available for thirteen to sixteen year olds. My suggestion is along awaited Tenpin bowling Ally, half for the pro,s and half for the general public Council run so it should be affordable for parents with school age children. Also an area for six year olds to sixteen year olds miniature town plan with driveable roads traffic lights etc to educate our kids abut road rules. In Germany BMW as this plan going where kids drive miniature BMW,s electrically driven, don't you think that spending this grant would be better used for these ideas than wasting it on refurbishing the pool when theres absolutely nothing wrong with it now. Concerned resident of Muswellbrook and out liying areas.

Yours Faithfully
