Good day I believe Central Coast council are asking the rate payers to pay for the appalling mismanagement of council funds/assets It is insulting to hear the [REDACTED] threaten the ratepayers with reduced services if we, the ratepayers, refuse to agree to a massive increase in rates The most frustrating part is that the major stakeholders NSW gov. Local members Council and IPART are not truly invested in these communities and so they are not listening to the constituency I dont know how to fix councils errors but it shouldnt fall back on the community
