IPART Special Variation Submission Form

Review	(LG) Special Variations & Minimum Rates 2020-2021
Document Reference	
Select Council	Lismore City Council
If you have any general feedback regarding your council's proposed SV, please leave your comments in the comment box below.	This Special Rate Variation if approved will cause ongoing hardship economically and socially to a community that is still reeling from the costs and trauma of TC Debbie . 2017. Residents and businesses should not have to bear the brunt of LCC's financial mismanagement. This increase will send some of our residents and business owners to the wall . I am very concerned if approved the significant increase will decimate many people's finances. In reality this council has been remiss in managing our community and now are punishing its community for its misdeeds. Please do not approve this submission and enable our community and it's members to recover and consolidate

Your comments on Criterion 2:	My view is that many residents are not aware of the real impact this will have on their well being and ongoing financial health. I have grave concerns that overt and complete reporting of the impact on individual rate payers had not been widely and openly debated
Your comments on Criterion 3:	Increases financial burden on a community still recovering from natural disasters of floods and fires . Another stressor to incorporate in their daily lives in a community that is of low to middle socio economic means
