IPART Special Variation Submission Form	
Industry	Local Government
Review	(LG) Special Variations & Minimum Rates 2020-2021
Document Reference	
Select Council	Lismore City Council
If you have any general feedback regarding your council's proposed SV, please leave your comments in the comment box below.	<p>Lismore City council as been missed managed for years and more importantly recently. They re in debut due to failed unnecessary commercial enterprises, inefficient work practices & equipment , unnecessary legal challenges and too many staff. AND they actively discourage business and residential development by putting increasing hurdles to application until they pay approx. \$150K then your development may go ahead. Most of the staff live outside of the LGA & drive home LCC cars.</p> <p>All the above is widely discussed among the general public. Rather than slogging rate payers an administrator need to be appointed IMMEDIATELY.</p>
Your comments on Criterion 1:	Not necessary if LCC commercial operations eg the quarry & GSAC were sold off, internal staff culling eg Finance offer who has presided over the accounts for years and appears to have allowed the debut to be hidden & efficient work practices stopped eg not spending their flood money intime
Your comments on Criterion 2:	The community is against the increase see several articles in Northern Star, online comments, Rate payers disgust and non publication of recent LCC survey

Your comments on Criterion 3:	LCC LGA is one of the lowest income areas in the state with high unemployment, low incomes and a high socially disadvantaged & aging population
Your comments on Criterion 4:	done with lots of community negative response
Your comments on Criterion 5:	of course they will present a positive case for themselves they are using valuable staff resources to do this & not publishing the results the recent community in relation to this rate rise
