Well IPART you are putting our council rates up 12 per cent;

Well I think this is absolutely stupid on your part it was suppose to be only 9 per cent we were told my Liverpool Council I don't agree with this proposal I survey from the council maintain rates as they are so I would like to see it stay at 9 per cent; not 12 per cent as we were told this from a out side meeting at our shopping centre back last year so I would like to see it scrap to 9 per cent.

thanks
