Subject: ANONYMOUS - Lismore council rate raise!

Hello, i cant find the area on your website to put in my comments for the rate increase, why have you made it hard to find? Please either send me a form or link or except my comment right now. I do not want an increase.im only employed 6 hrs a week and have been off work for 2 months.i can NOT afford this rediculous increase.i also believe that lismore council is wasting funds.when i first moved into my home they paved the road of pearce ave and it defineteley did not need it . This is a gross misuse of funds.also if it increases i could lose my house ,as im barely affording to keep it now.I totally feel the increase unnecessary and believe that some council members are taking liberty to line their pockets for their mistakes at the expense of ratepayers. Sincerely, [REDACTED]
