IPART Special Variation Submission Form - Applications

Industry	Local Government
Review	(LG) Special Variations & Minimum Rates 2021-2022
Document Reference	
Council	Federation Council, Special Variation Application
If you have any general feedback regarding your council's proposed SV, please leave your comments in the comment box below.	<p>We didn't have any community meetings concerning this rate variation in Boree Creek. The Morundah community asked Federation council to come and have a talk to their community , which was held today. As we are 125 Klms away from Corowa we dont see why we have to pay extra ongoing rates to pay for the upkeep of Corowa Aquatic Centre, that is going to cost up to \$1,218,100 per annum to run, when we will never use it. Most of the small villages in Federation council are quite a distance from Corowa. I think it is very unfair. If i run my business by adding 6% onto the CPI rise i would go broke very quickly. I have 3 properties that i pay rates on, 1 is not fit to live in and has been flooded several times, there is no power there and council want us to pay the increase with no services. Not Happy</p>

Your comments on Criterion 1:

Your comments on Criterion 2:

\$1.26 per week doesn't sound much but on 3 properties it equates to \$196.56 per annum. We are just about to retire so it is quite a bit.
