No one has taken into account the financial hardship that families on the coast are currently dealing with, Loss of jobs, closure of businesses due to covid and previous rate increases. I work for an aged care facility and wipe dirty bottoms to earn \$23.53 per hour. Whilst some of the fat cats at the council earn almost as much as our prime minister and more than the NSW premier. I simply can not afford to pay anymore without taking away the bread and milk I put onto my table to feed my family. I already have been slugged \$405.00 a year extra in rates. The Councillors need to try and live off \$23.53 per hour and stop dipping their hands into Central Coast residents pockets.
