It is unfathomable how you think you can increase prices so dramatically We live here cause it's not as hard to pay bills as it is in other cities and reaching retirement age soon will only prove to be a strain on everyone's pocket Stop the madness Especially when we are all hit hard with no jobs and can't make ends meet as it is through covid Give us a break We truly are all in this together if we all get slugged like this and I hope all residents and businesses Can stand united against such a ridiculous increase Start thinking about the people your supposed to be helping instead of making life harder especially for those can can least afford it
