Submission: LITHGOW COUNCIL [REDACTED]

We are currently paying \$682 per quarter. We own property in Werrington and the rates are only \$370 per quarter!!! These [REDACTED] [REDACTED] at the Lithgow City Council are [REDACTED] from the rate payers all because they cannot balance their books in the Lithgow Council. What a total [REDACTED]! My wife and I absolutely OBJECT to more rates because we are already paying nearly DOUBLE compared to our other property. Werrington is a better area with MORE SERVICES and BETTER FACILITIES and Lithgow offers next to nothing by comparison.

[REDACTED]

Lithgow Council [REDACTED], and they are considering charging the rate payers more? hmmm? They should be [REDACTED] for the idea and find people that can organise their budgets and balance the books without the [REDACTED] from the good residents of Lithgow that are trying to survive!

Lithgow Council: Find some other way to balance your books and stop trying to rip off the residents!
