If you have any general feedback regarding your council's proposed SV, please leave your comments in the comment box below.	The community were not adequately consulted and feedback ignored my councillors.
Your comments on Criterion 1:	<p>The SRV has been masqueraded behind it being required for roads, when many other items not critical have been found.</p> <p>The SRV is solely due to council mismanagement resulting in a deficit and a means to procure funds.</p>
Your comments on Criterion 2:	The estimated increases were misrepresented by calculations on the lowest valued property and not clearly informed. The survey by council was difficult and confusing which could be interpreted as a false result.
Your comments on Criterion 3:	the community is experiencing hardship with many business closing. This increase will only increase debt for the community who many are below the lowest income level.
Your comments on Criterion 4:	i believe this documentation was displayed, though there was some lack of transparency.
Your comments on Criterion 5:	it was revealed the SRV will find numerous projects which council concealed and are against what has been informed to the community.
