Submission: The methodology used behind gauging approval of this rate rise does not represent the true community consensus. I do not support this rate rise. I have witnessed several occurrences where Randwick Council have made decisions that are not in the best interest of the ratepayers based on small samples of community responses such as the proposed cafe at Mahon Pool. This excessive financial burden proposed on Randwick Ratepayers should not be allowed. I would also like to investigate our legal options in relation to the proposed rate rise.
