Submission: I do not support the rate variation proposed by Dungog Council. The handling of the Williams River caravan Park is another example of their poor management and incompetence. Taking more money off the rate payers to compensate for bad management of resources is not acceptable.

This is not a high income area. The rate increase will significantly impact families like mine who took the low rates into consideration as a favourable factor when we moved to Clarence Town.

I would support a much lower rate increase. The massive rate increase proposed though is too much and I doubt Dungog Council would deliver much for it.
