I live in a small village outside of cootamundra. I receive no garbage collection, no sewage, no street beautification yet have to pay for these in my rates. I then have to pay for tip fees when other parts of the council have waste transfer stations. You say you need the SRV to survive, whilst you privatise the pool and stadium. rates are going to increase and nothing will be to show for it. How about instead of a permanent increase demerge councils and only have a temporary increase
