Submission: Upper Hunter Shire Council have no understanding of the dire straits that the majority of rate payers in Scone shire have to endure , and most of us cannot afford to turn air conditioners on in 43 degree hit because we cannot afford to pay our power bills or buy food let alone put petrol in the car ,we definately do not need to pay any more money in our rates if we are to survive or own our own house which is less attactive financially every day. I definately say a big no to any rate hike.
