Submission: Any business that needs to make money needs to look in its own backyard for savings that can be made overpaid staff who are [REDACTED]. I wanted a receipt for my rate payment paid by cash and was told I would have to wait 14 days because someone up stairs did that job, and I ask who in this town has had a pay rise of any proportion let alone 9 % I know I haven't and I'm sure the pensioners of this town haven't, which a large percentage of population. Having lived in this district for 35 years of mismanagement and seeing nothing happen that has benefited the community as whole always [REDACTED] [REDACTED] somewhere along the line the pool they built is overpriced for people to attend then they complain about patronage \$6 entry fee per adult so couple who would like to swim for fitness would pay \$60 + a week for half hour exercise a night way out of reach for normal working class but the councillors are rich so who cares about the minority. This council needs to be held to account for years of mismanagement and doing nothing with the money they have raked in over the years. Someone needs to stand up for the people of this town who pay a lot for for what the majority believe is very little when you consider what mortgage people pay insurances rego energy fuel cost of living how can this be fare it's another grab for cash from people who feel powerless from bureaucrats robbing them. the savings need to made like any other business as I said from inside the castle first before the rich grab for cash no Rate rise above what is allowed normally remember they let this town get into the shape it is not the towns folk they mismanaged our money not us
