I am a home-owner in Cootamundra. I currently and have run a successful small business for several years. For approximately 20 years my family and I have owned property in Cootamundra. My partner and I, (as well as our extended family), intended to remain in Cootamundra long term, hoping to retire here. I am very concerned the huge increase of rates will not just adversely affect the viability of my small business that I provide child care support for many families/children, and the local business sector through which I buying locally from, not only for personal needs but also business needs. As a family, we may have to change our retirement plans due to the high rates being forced upon us, possibly even have to move out of the area.
