Our rates rose 110% in this last financial year due to what we have been told is rates harmonisation and got changed from rural to residential. We also have the pleasure of paying a garbage fee when we do not receive garbage collection nor have we ever been issued with a bin. Now we have been told that our rates will rise an additional 53.5% over the next 4 years. We travel on dirt roads that might see a council grader every 12 months. We aren't provided any services by Council yet we now see a rates rise of 153.5% over a period of 5 years. I don't agree with this at all and land valuations do not justify this increase. Councils insolvency issues are directly attributed to mismanagement of funds by [REDACTED]
[REDACTED]
[REDACTED] for the current over staffing that we see. I would welcome an organisation to come in and review internal operations of staffing levels and conduct a needs analysis on Council which the rest of us in private enterprise have to put up with. I do not agree with the rate increase in any way shape or form.
