Submission: Council has an audit facility which seems to do nothing. last year council had 3 trucks a ute and 7 men to construct a gutter layback in the carpark at the rear of Mollymook Surf Club. Council closed Golf Ave at Mollymook to resurface the road; it now needs doing again. Council twice repaired the roadway by the roundabout at the start of Wuru Dr Burrill Lake it now needs doing again. These are just a few instances of waste by council not to mention sending 2 men and a Fuso truck to inspect one of the two stairways leading to the rocks at Burrill Lake entrance. It seems to me Council would be better served selling the majority of its equipment thus saving on upkeep and have private contractors do work similar or the same as outlined above thus saving on plant and equipment, wages etc in addition to having contract work guaranteed by the relevant contractor. Council should clean up its own back yard before ripping rate payers off!
