Subject: North Sydney Council's Application for SRV.

Dear Sir/ Commissioner,

I am a local resident of North Sydney. I have until recently been Chair of our Precinct Committee.

I did not support NS Council's recent application for an SRV. I do feel that NSC has adequate funds to perform all the necessary functions of a Council.

I do not believe that residents understood exactly what was proposed nor the alternatives. Even though there were 3 or 4 public meetings supporting the raise I did not see any advertisements that would allow us to hear an opposing view. I did feel as though we were all at a disadvantage due to the impending Christmas / New year holidays.

I did complete the online survey but was unable to clearly state my reasons for not supporting the rise as I had not heard the opposing views. I am sure other resident especially older ones, not computer literate, would not know how to put in an objection.

I hope my concerns will be taken into consideration when deciding this issue.

Yours faithfully,

[REDACTED] [REDACTED]
