Submission: I'm not sure if I'm on the right site but I want to say I do not want the rate rise to go ahead. I object to it . I saw on Facebook that we have a certain amount of time to make this submission . I live in Ulladulla and there will be a meeting discussing this rise but have been warned if we leave it to after the meeting it will be to late to make a submission. I will not be able to afford this rise.
