IPART Special Variation Submission Form - Applications

Industry	Local Government
Review	(LG) Special Variations & Minimum Rates 2021-2022
Document Reference	
Council	Armidale Regional Council, Special Variation Application
If you have any general feedback regarding your council's proposed SV, please leave your comments in the comment box below.	Armidale's rates are higher then any other regions that I can come across. The community has a higher then average crime rate and more op shops then Tamworth. We can not afford higher costs of living.
Your comments on Criterion 1:	There has been a strong history of undisclosed spending and over budget projects. Until this is resolved and full transparency is obtained to the councils finances the citizens should not have a increase to their living expenses.
Your comments on Criterion 2:	There has been very little consultation with the community on this issue. And a petition shows that the community is not in support.
Your comments on Criterion 3:	Rates should be lower. They are above average as they currently stand compared to other similar or more metropolitan areas.
Your comments on Criterion 4:	There has been no disclosure to the community that this has happened.

Your comments on Criterion 5:

I don't believe that this has happened.
