Our community is on a knife edge financially. Increased rates, stagnant wage rises, reduced work hours due to COVID and general increase in cost of living which is clearly seen when shopping. To add another fiscal burden is inexcusable at this time and could see some ratepayers go under or go without. The problems with the Central Coast Council are NOT the ratepayers fault and cuts must be found within the organisation, just as I do with my household budgeting, not by draining the pocket of the ratepayers!
