Subject: eurobadalla council rate increase

This council wants to increase our already exhorbatant rates yet again, this council cannot even manage the money they are already getting let alone more it will only be wasted

The majority of people that live in this shire are elderly which is going to have a major impact on their lives but this council does not care - they are overstaffed why not start there & cull this councils workers by 50% that in itself would be a large percentage of their funds (or should I say our funds)

If this rate increase goes ahead I for one will not be paying any extra to this council, they get enough I will be paying exactly what I paid last year & not a penny more

8,000 residents signed a petition to have this rate increased stopped but apparently no one listens to ratepayers, so hopefully every ratepayer is going to do the same as me
