Submission: The debts of Auburn Council should not be borne by the residents of Burwood Municipality

If there is to be a merger it should be with Canada Bay or Strathfield

A merger of more than one Council s is likely to be come too unwieldy and therefore potentially very costly initially

My preference is to stand alone but if compromise is required, a merger with either Strathfield or Canada Bay would be far preferable. Take the time to implement, bed down and make workable first

There is a litany of people who spread themselves or their companies too thin, took on debt and collapsed

Hasten Slowly
