If you approve this price increase you are basically treating council like a naughty child, who has been [REDACTED] lollies, by giving them more lollies. They are basically responsible to no-one ... can do what they like ... spend what they like ... freely overspend ... and then slug hard-working and/or struggling rate payers to cough up even more funds so they can go on to act totally irresponsibly. IF this was private enterprise THEN the RIGHT thing would be done ... kick them out / cancel their contract, and get in another company that CAN do the right thing, stay within budget, and actually provide their customers with what they have been paying good money to do. This is an absolutely totally ridiculous situation. THEY outsourced rubbish services to private sector, then when they could get a better deal, they got a new contractor. WE need to do the SAME thing to them!! OR, if IPART agrees to this, then IPART needs to ALSO ensure that every single worker in this council region gets an equivalent pay rise, so we can actually pay for this [REDACTED]
