Subject: Fit for the Future Proposals: City of Sydney

I desperately want the City of Sydney to be ITSELF and stop trying to get other Councils into its echelons. NO! Certainly leave Bondi Junction and all the things there for them to deal with. There are enough problems there without City Council getting involved. LEAVE THAT ALONE. (Waverley and Randwick have already joined WHY?)
And Botany for the city? WHY?

PLEASE CITY OF SYDNEY COUNCIL be the City of Sydney and stop trying to make it bigger than it already is. Do YOUR things and we can fight them or hate them and talk to you about it. BUT STOP TRYING TO GET INTO OTHER PEOPLE'S COUNCILS. LEAVE THAT ALONE!
