Submission: I understand the need for cost savings like any business but the Proposed amalgamation is far too but an area for one council to be responsible for. With amalgamation would come the combined staffing but you can be sure duplicate positions would go so less staff. I propose a compromise of 3 local council areas as provided in my picture uploaded. 1, the City. 2, the eastern suburbs and 3, the south suburbs. I feel these boundaries make more sense and the areas within each boundary would face similar issues and are of similar mindset.

ST
OW!

It wants to change the
boundaries to create a
City to include Botany Bay,
Waverley and Woollahra.
(population of over 500,000
in the state of Tasmania),
responsibility
